CLOSE TO HOME PARTNERS, AFFILIATES & SUPPORTERS

CLOSE TO HOME was developed in response to community voices raised during a listening tour conducted by The Denver Foundation. Residents in communities across the seven-county metro region said they increasingly cannot meet their basic needs, and believe their struggles are largely invisible. They urged the Foundation to support efforts to increase awareness and understanding, and get more people engaged to help solve these challenges.

The campaign is managed by:
- The Denver Foundation
- Asset-Based Community Development In Action
- Spark Policy Institute
- Third Sector Communication Strategies

Close To Home Partners:
- Use research-based messages to communicate, educate and advocate,
- Identify and advance personal and policy actions to address homelessness,
- Grow the reach of the campaign,
- May receive support and technical assistance, and
- Participate in strategic learning and evaluation of the campaign.
